INTERVENTIONAL PAIN PHYSICIANS

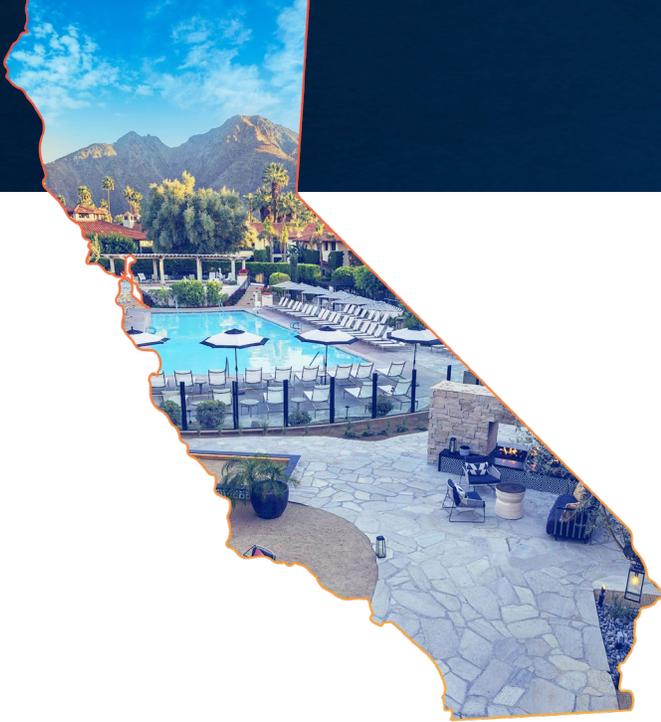

CALSIPP

ANNUAL MEETING 2025

FEBRUARY 21-23, 2025
PALM SPRINGS, CA

WWW.CALSIPP2025.COM

DEAR COLLEAGUE

We would like to take this opportunity to invite you to the 2025 Annual Meeting of the California Society of Interventional Pain Physicians (CALSIIPP), which will take place at the Tommy Bahama Miramonte Resort & Spa, Palm Springs, California, February 21-23, 2025.

CALSIIPP has long been established as the leading organization for providing advocacy and education for physicians practicing Interventional Pain Management. We have invited participation from pain fellowship programs, academic and private practice physicians from California and beyond. The annual meeting has a long history of fostering a collegial environment where all of the academic pain fellowships can interact and share ideas with other academic and private physicians.

We anticipate in excess of 200 clinical providers specializing in pain management, interventional pain management and neurosurgery to attend, including: physicians, mid-level practitioners, nurses and pharmacists. Industry Partners and technical exhibits are an important part of our meeting's success and benefit both the attendees and the companies who choose to participate.

With a full agenda covering 2.5 days, there will be plenty of face time opportunities with potential clients. Industry Partners who sponsor at the highest levels will have opportunities to present their information in front of larger crowds during breakfast, lunch or dinner symposia opportunities.

We are anticipating a full exhibit hall and space will be limited. To ensure your chances of securing exhibit space and support opportunities, please review the enclosed prospectus materials carefully and complete the exhibitor application as early as possible.

Vanila Singh, MD, MACM
CALSIIPP President

Ripu Arora, MD, MBA
Director Emeritus and Treasurer

Howard Rosner, MD
CALSIIPP Board Member

EXPECTED ATTENDANCE

We hope to highlight and draw on the vast experience of the academic pain physicians already in California. This meeting will bring together 200 pain physicians from the surrounding states. We also will include fellows and residents and expect to be able to draw significant interest from the medical trainees in nearby medical schools University of California, Irvine; University of California, Los Angeles; University of California, Davis; University of California, San Francisco; University of Southern California and more. We hope to facilitate training and networking for the fellows to meet with actively practicing physicians.

OUR EDUCATIONAL PROGRAM

Planned topics include business lectures, peripheral nerve stimulation, regenerative medicine, antiaging therapies, the use of MRI and radiology diagnostics, ketamine use, telemedicine updates, and we also plan to offer a regenerative medicine ultrasound lab during the meeting.
