

Daniela Schweizer (-Gorgas), Prof. Dr. med. vet., DiplECVDI

- Dec 2001 graduated at School of Veterinary Medicine, Ludwig- Maximilians- University Munich, Germany
- 2002- 2004 Clinic for Small Animals, Dr. Martin Unger, Augsburg, Germany
Doctoral Thesis, University of Munich
- 2004- 2007 Residency diagnostic imaging, Vetsuisse-Faculty Bern, Switzerland
- Sept 2007 Board exam, Dipl. ECVDI
- Jul 2008 -2012 Faculty position Division of Clinical Radiology, Vetsuisse-Faculty Bern
- April 2012 Assistant Professor Clinical Radiology, Vetsuisse-Faculty, Bern
- From February 2015 Professor and Head of Division of Clinical Radiologie, Vetsuisse-Faculty Bern

Main research activity: Neuroimaging, MRI

Daniela Gorgas was born in the south of Germany (Friderichshafen) and studied veterinary medicine at the School of Veterinary Medicine, Ludwig- Maximilians- University Munich, where she graduated in 2001. From 2002- 2004 she worked as assistant in a Clinic for Small animals, in Germany and performed her doctoral Thesis at the same time at the University of Munich. In 2004 she moved to the Vetsuisse-Faculty Bern for the residency in diagnostic Imaging and became a Diplomate of the European College of Veterinary Diagnostic Imaging in 2007. After that, she first worked as clinical instructor and later on as faculty in the Division of Clinical radiology in Bern and became an Assistant Professor in 2012.

Since February 2015, she is the Professor and Head of the Division of Clinical Radiology in Bern.

Her main Research interest is neuroimaging. She investigates the correlation of MRI signal and histopathological features of intracranial lesions. Furthermore she investigates prognostic factors on the healing of dogs with intervertebral disc disease and is interested in the development of advanced imaging techniques in horses.
