PS** Annual
Congress
June 14-17, 2023
Foz do Iguaçu ▪ Brazil

PROGRAM BOOKLET

Education Beyond the Borders

Endorsed by

THE NEXT ERA OF PERSONALIZATION

A unified portfolio that offers all our advanced therapies on every device, available in rechargeable and non-rechargeable options and supported by a suite of customized digital solutions to support you and your patients through every step of the pain management journey.

PERSONALIZED DEVICE SELECTION WITH NO COMPROMISE

ImageReady™ MRI Portfolio

- Meets patient needs with rechargeable or non-rechargeable options that support 16 and 32 contacts
- Features the largest full-body MRI* conditional portfolio in SCS
- Offers all therapies on the entire device portfolio

PROFOUND PAIN RELIEF IN MINUTES

FAST™ and Contour™ Therapies

- Profound paresthesia-free pain relief in minutes with FAST™
- Personalized and energy-efficient Contour™ therapy for broad coverage
- Ability to combine therapies simultaneously

WELCOME

Dear Friends and Colleagues,

The Latin American Pain Society (LAPS) is excited to welcome everyone to the 1st LAPS Congress in Foz do Iguaçu on June 14-17, 2023.

LAPS was established to promote pain medicine education, encourage high-quality scientific research and publication, and provide highly skilled ultrasound and fluoroscopy-guided hands-on training courses to advance the evidence-based clinical practice of interventional pain throughout Latin America. In addition, LAPS is committed to putting all resources to bring brilliant minds and academic leaders together on a common platform and unitedly work to raise the bar to offer the best pain care to our cancer and non-cancer patients.

The congress is offering a comprehensive scientific program to provide cutting-edge information on advanced interventional techniques, advanced regenerative medicine, spinal and peripheral neuromodulation therapies, minimally invasive spinal procedures, including intradiscal procedure, radiofrequency ablation, intrathecal drug therapies, emerging novel interventional techniques, disease-modifying therapies, abstract presentations, a Resident/Fellow section, and much more!

This world-class congress presents outstanding, nationally and internationally renowned experts in pain management to share their knowledge and present the opportunity to interact with peers. We welcome our industry and pharmaceutical partners to showcase cutting-edge advances and state-of-the-art technologies on the common platform to present the latest research and implications for better patient care.

We look forward to seeing you at 1st LAPS Congress at the heavenly location of Foz Do Iguaçu, Brazil, to accomplish the common mission of “Education Beyond the Borders” in Latin America.

Sudhir Diwan, MD, FIPP
Congress Chair

Fabricio Dias Assis, MD, FIPP
Congress Chair

GENERAL INFORMATION

Venue

Wish Foz do Iguaçu
Foz do Iguaçu – PR, Av. das Cataratas, 6845
85853-000 Tamandua, Brazil

Internet Access

Free of charge WiFi service is available at the venue. Please look for the code at the Registration Desk.

Registration Desk Opening Hours at Wish Hotel

Wednesday, June 14 7:00 AM – 6:00 PM
Thursday, June 15 7:30 AM – 5:30 PM
Friday, June 16 8:00 AM – 5:30 PM
Saturday, June 17 8:00 AM – 12:00 PM

Commercial Exhibition

The exhibition will be open from Thursday, June 15 until Saturday, June 17 at the Wish Hotel. Delegates will have the opportunity to meet representatives of pharmaceutical and diagnostic equipment companies at their booths to discuss new developments and receive up-to-date product information.

Registration Fee Onsite

Full participant.....\$500
Fellow, residents, medical students.....free*
Accompanying person.....\$200
USG Live Model Workshop.....\$500
USG Live Model Workshop for Fellows.....\$300
Workshop Live Broadcast\$500
Workshop Live Broadcast for Fellows.....\$300

** Proof of fellow/resident/student status is required*

Coffee breaks and lunch

Coffee, tea and snacks will be served in the Exhibition area regarding the program. Lunches will be served in the Restaurant. Sollievo Morning Symposium will be on June 15. Boston Lunch Symposium will be on June 16.

Social Events

Welcome Reception

Date: Thursday, June 15, 2023, 6:00-8:00 PM

Venue: Club House (Wish Hotel)

Price: free of charge, included in registration/accompanying person fee

Faculty Dinner (by invitation only)

Date: Friday, June 16, 2023, 7:00-9:00 PM

Tour to Brazilian Iguazu Falls

Date: Saturday, June 17, 2023 2:00-5:00 PM

Price per person: BRL 100.00 + entrance free

Badges

Eco-friendly identification badges are provided upon registration. For security purposes, all delegates and speakers are asked to wear their name badges at all times during the meeting.

Lost and Found

Any found item may be turned into the Registration Desk. Enquiries about lost items can be directed to the Registration Desk also.

Mobile Phones

Please respect the speakers and presenters by ensuring that your mobile phone is switched off during the scientific sessions.

Technical Information for Speakers

The organizers kindly ask you to bring your presentations with you on a USB memory stick. Your presentation must be uploaded to the computers in the meeting room with the help of the assisting technicians responsible for the dedicated room. The presentation uploading deadline is the last coffee break prior to your scheduled presentation. Please note that double slide projection and personal laptops cannot be used.

Official Congress Languages

Spanish, Portuguese and English. Interpretation will be available during the congress dates.

Program Changes

The organizers cannot assume liability for any changes in the scientific program. Organizers will do their best to keep the participants up to date and possible changes in the program will be immediately communicated.

PRE-CONFERENCE PROGRAM

WEDNESDAY, JUNE 14

LIVE PROCEDURES WORKSHOP

8:00 AM-6:00 PM

Wish Hotel, Iguacu

Faculty: Fabricio Dias Assis, MD
Carlos Marcelo De Barros, MD, Ph.D.
Paulo Renato Fonseca, MD

Procedures: Caudal Neuroplasty with Navigable Catheter
Cervical Neuroplasty with Racz Catheter
Shoulder RF Denervation
Hip RF Denervation
Spine RF
Trigeminal Balloon Compression
Trigeminal RF Denervation
Spinal Cord Stimulation

ULTRASOUND WORKSHOP – LIVE MODEL SCANNING

10:00 AM- 6:00 PM

Wish Hotel, Iguacu

Faculty: Wendy Rojas, MD (Bolivia) Juan Felipe Vargas, MD (Colombia)
Charles de Oliveira, MD (Brazil) Jesus Medina, MD (Mexico)
Victor Pacheco, MD (Brazil) Juan Pineda, MD (Mexico)
Paola Diaz, MD (Colombia) Victor Silva, MD (Mexico)
Carlos Restrepo, MD (Colombia)

Procedures: 4-6 Participants / station, 90 minutes rotation

- **Station 1: Shoulder**
AC / Subacromial Bursa / Glenohumeral Approach Ant and Post
Suprascapular, Axilar, Pectoral Lateral Nerve
- **Station 2: Cervical**
Roots, MB, Stelate, Acessorio, Dorsal Escapular
- **Station 3: Median Nerve + Entrapments /
Ulnar Nerve + Radial Nerve**
Carpal Tunnel/ Pronator / Anterior Interosseus
- **Station 4: Lumbar Spine and Pelvis**
Caudal / Pudendal / Piriformis / Quadratus Femoris / Ciatic Nerve

CONGRESS PROGRAM

THURSDAY, JUNE 15

Morning Symposium 8:00-8:30 AM
Sponsored by Silver Sponsor Sollievo

Evolution of Pain Treatment with Radiofrequency
Juan Ignacio Reyes Torres, MD (Mexico)

SESSION 1

8:30-10:00 AM

Theme: Advanced Neuromodulation

Moderator: Tiago Freitas, MD (Brazil)

- 8:30-8:50 AM Fabricio Dias Assis, MD, FIPP (Brazil)
Neuromodulation in Latin America
- 8:50-09:10 AM Renier Mendez, MD (Puerto Rico)
Prognostic Factors for Neuromodulation Outcome
- 9:10-9:30 AM Kenneth Chapman, MD (USA)
The Role of the DRG in Pain Mangement
- 9:30-10:00 AM **Tiago Freitas, MD:** Fabricio Dias Assis, MD, FIPP, Victor Silva, MD,
Juan Filipe Vargas, MD, Rodrigo Diez Tafur, MD
Roundtable Discussion: New Targets for Neuromodulation

Coffee Break 10:00-10:30 AM

SESSION 2

10:30-12:30 PM

Theme: PNS And SCS

Moderator: Elton Gomes da Silva, MD (Brazil)

- 10:30-10:50 AM Tiago Freitas, MD (Brazil)
Pelvic Pain: PNS vs. SCS
- 10:50-11:10 AM Juan Filipe Vargas, MD (Colombia)
Selecting Appropriate Patients for SCS
- 11:10-11:30 AM Rodrigo Diez Tafur, MD (Peru)
Lateral Stimulation
- 11:30-11:45 AM Carlos Guerrero, MD (Colombia)
Novel Stimulation Algorithms: New Mechanism of Action
- 11:45-12:05 AM Manoel Jacobsen Teixeira, MD (Brazil)
Percutaneous stereotactic trigeminal nucleotracotomy for treatment of craniofacial pains
- 12:05-12:30 PM **Keynote:** Kenneth Chapman, MD (USA)
The Changing Paradigms of Neuromodulation: Are We Heading to the Right Direction?

Lunch 12:30-1:30 AM

THURSDAY, JUNE 15

SESSION 3

1:30-3:30 PM

Theme: Cancer Pain Management and Palliative Procedures

Moderator: Carlos Marcelo de Barros, MD, Ph.D. (Brazil)

- 1:30-1:50 PM Carlos Marcelo De Barros, MD, Ph.D. (Brazil)
Targeted Drug Delivery Therapy
- 1:50-2:10 PM Ricardo Plancarte Sánchez, MD (Mexico)
Palliative Humero/FemoroPlasty
- 2:10-2:30 PM Ale Ismael Gonzalez, MD (Mexico)
Splanchnic Nerve Blocks vs. Celiac Plexus Blocks
- 2:30-2:45 PM Guillermo Arechiga, MD (Mexico)
Post-Chemo Neuropathy: Diagnosis and Management
- 2:45-3:00 PM Diana Perez Moreno, MD (Colombia)
Medical Management of Metastatic Bone Pain
- 3:00-3:30 PM **Keynote:** Ricardo Plancarte Sánchez, MD (Mexico)
Head and Founder of the Pain Clinic of the National Cancer Institute
Cancer Pain: Global Burden of Equal Access

Coffee Break 3:30-4:00 PM

SESSION 4

4:00-6:00 PM

Theme: MSK Interventions

Moderator: Víctor Pacheco, MD (Brazil)

- 4:00-4:20 PM Daniel Jorge, MD (Brazil)
Intra-articular PRF: Best Practices
- 4:20-4:40 PM Carlos Restrepo, MD (Colombia)
Shoulder Denervation: Best Practices
- 4:40-5:00 PM Juan Pineda, MD (Mexico)
Hip and Knee Denervation: Best Practices
- 5:00-5:15 PM Cesar Carcamo, MD (Chile)
Ankle: Which Protocol is Best?
- 5:15-5:30 PM Andres Rocha, MD (Costa Rica)
Articular Denervation with Phenol: Does it Work?
- 5:30-6:00 PM **Victor Pacheco, MD:** Juan Pineda, MD, Soraya Cruz Llor, MD,
Charles de Oliveira, MD, Paola Diaz, MD
Roundtable Discussion: The Role of Dynamic Ultrasound in Pain Management

WELCOME RECEPTION 6:00-8:00 PM: Inaugural Presentations

- Sudhir Diwan, MD, and Ricardo Plancarte Sánchez, MD, Chairmen: **Why LAPS?**
- Fabricio Dias Assis, MD, FIPP, President: **Current Status of LAPS**
- Victor Silva, MD, President Elect: **Vision of LAPS**

FRIDAY, JUNE 16

SESSION 5

8:30-10:00 AM

Theme: **Spinal Interventions**

Moderator: Karla Madrigal, MD (Mexico)

8:30-8:50 AM

Paulo Renato Fonseca, MD (Brazil)

Fluoroscopic Orientation of Spinal Anatomy

8:50-9:10 AM

Ignacio Reyes Torres, MD (Mexico)

Usefulness of Provocative Discography

9:10-9:30 AM

Jose Luiz Campos, MD (Brazil)

Intradiscal Procedures for Discogenic Pain

9:30-10:00 AM

Karla Madrigal, MD: Carlos Restrepo, MD, Wendy Rojas, MD, Mariana Palladini, MD, Ale Ismael Gonzalez, MD, Jose Luiz Campos, MD

Roundtable Discussion: Guiding Techniques: Ultrasound vs. Fluoroscopy vs. CT Scan

Coffee Break 10:00-10:30 AM

SESSION 6

10:30-12:30 PM

Theme: **Advanced Regenerative Medicine Therapies**

Moderator: Annu Navani, MD (USA)

10:30-10:50 AM

Annu Navani, MD (USA)

Evidence for the Use of Biologics in Pain Management

10:50-11:10 AM

Sudhir Diwan, MD (USA)

Intradiscal Injections of Biologics: All Discs are not the Same!

11:10-11:30 AM

George Chang Chien, DO (USA)

Orthobiologics for MSK Pain

11:30-11:45 AM

Jesus Medina, MD (Mexico)

How Do You Select a Kit for the Best PRP Yield?

11:45-12:00 AM

Victor Pacheco, MD (Brazil)

Epidural PRP: Does it Work?

12:00-12:30 PM

Doug Beall, MD: Victor Pacheco, MD, Jesus Medina, MD, George Chang Chien, DO, Annu Navani, MD

Roundtable Discussion: The Use of Biologics in Spinal Pain

Lunch Symposium 12:30-1:30 PM

Sponsored by Gold Sponsor Boston Scientific

**The Next Era of Personalization in Spinal Cord Stimulation:
Fast™ and Contour™ Technologies**

Emarit Ranu, MSEE, MSBMS, MBA, MEd, Sr. Fellow, Science and Engineering

Lunch Symposium

THE NEXT ERA OF PERSONALIZATION IN SPINAL CORD STIMULATION: **FAST™ and Contour™ Technologies**

June 16
12:30 - 1:30pm

Promovendo o avanço da ciência
para a preservação da vida™

FRIDAY, JUNE 16

SESSION

7

1:30-3:30 PM

Theme: **Complex Pain Syndromes**

Moderator: **Rodrigo Diez Tafur, MD (Peru)**

1:30-1:50 PM

Doug Beall, MD (USA)

Vertebrogenic Pain: Diagnostic Dilemma and Therapeutic Challenges

1:50-2:10 PM

Gustavo Aquino, MD (Brazil)

Trigeminal Neuralgia

2:10-2:30 PM

Jacqueline Macias, MD (Ecuador)

Cervicogenic Headache

2:30-2:45 PM

Antonio Carlos Rezoagli, MD (Argentina)

Generalized Pain Syndromes with Unclear Etiology

2:45-3:00 PM

Gabriela Lauretti, MD (Brazil)

CRPS in Latin America

3:00-3:30 PM

Keynote Speaker: Andrea Trescot, MD (USA)

Pain Management Physician in Bellair-Meadowbrook Terrace

Why Are Peripheral Nerve Entrapments Important?

Coffee Break 3:30-4:00 PM

SESSION

8

4:00-6:00 PM

Theme: **Complexity Of Medical Management**

Moderator: **Francine Ulbrich, MD (Brazil)**

4:00-4:20 PM

Karla Madrigal (Mexico)

Pharmacological Advances in the Treatment of Neuropathic Pain – Challenges and Opportunities

4:20-4:35 PM

Bilena Molina, MD (Colombia)

Naloxone in Pain Management

4:35-4:50 PM

Ana Valencia, MD (Colombia)

Medical Marijuana and Opioids: Are We Hurting Our Patients?

4:50-5:10 PM

Mariana Palladini, MD (Brazil)

Methadone: An Unique Opioid

5:10-5:30 PM

Juan Pablo Paladino, MD (Argentina)

Ketamin Infusion for Neuropathic Pain

5:30-6:00 PM

Keynote Speaker: Oscar de Leon Casasola, MD

Professor of Anesthesiology, Pain And Oncology, Roswell Park Cancer Center

Is Avoiding Opioids the Answer for Crisis Around the Globe?

Faculty Dinner 7:00-9:00 PM

SATURDAY, JUNE 17

SESSION

9

8:30-10:00 AM

Theme: **Advanced Spinal Procedures**

Moderator: Paulo Renato Fonseca, MD (Brazil)

- 8:30-8:45 AM Franice Ulbrich, MD (Brazil)
SIJ Denervation: RFA, Cooled RF and Cryoneurolysis
- 8:45-9:00 AM Doug Beall, MD (USA)
Kyphoplasty Vs. Vertebroplasty
- 9:00-9:15 AM Charles De Oliveira, MD (Brazil)
Pulsed RFA of DRG
- 9:15-9:30 AM Victor Silva, MD (Mexico)
Epidurolysis: Implications and Evidence
- 9:30-10:00 AM **Paulo Renato Fonseca, MD:** Bilena Molina, MD, Renier Mendez, MD, Soraya Cruz Llor, MD, Jacqueline Macias, MD
Roundtable Discussion: Resource Based Limitations in Expanding the Scope of Pain Practice in Latin America

Coffee Break 10:00-10:30 AM

SESSION

10

10:30-12:30 PM

Theme: **Raising the Bar in Latin America**

Moderator: Sudhir Diwan, MD (USA)

- 10:30-10:45 AM Carlos Guerrero, MD (Colombia)
Artificial Intelligence in Pain Medicine
- 10:45-11:00 AM Wendy Rojas, MD (Bolivia)
Interventional Pain Medicine in Latin America: A Medical specialty?
- 11:00-11:20 AM Fabricio Dias Assis, MD, FIPP (Brazil)
Options for Training in Interventional Pain in Latin America
- 11:20-11:35 AM Gabriela Lauretti, MD (Brazil)
Challenges for Fellowship Programs at Public Hospitals
- 11:35-11:50 AM Victor Silva, MD (Mexico)
Research and Publications
- 11:50-12:20 PM **Keynote Speaker:** Sudhir Diwan, MD (USA)
Pain Education in Latin America: Raising the Bar
- 12:20-12:30 PM Executive Board - LAPS
Closing Remarks

Lunch 12:30-1:30 PM

ENG

BIENVENIDOS

Estimados amigos y colegas,

La Sociedad Latinoamérica de Dolor (LAPS) se honra en dar la bienvenida a todos los participantes en el 1er Congreso LAPS en Foz do Iguaçu, los días 14 a 17 de Junio del 2023. Para lograr esto, LAPS se enfocará en promover la educación de alta calidad, fomentar la investigación científica y la publicación, y brindar cursos teóricos y prácticos sobre el uso de técnicas de manejo intervencionista guiadas con ultrasonido y fluoroscopia. Además, LAPS buscará reunir a expertos para trabajar juntos y mejorar el manejo dolor de pacientes, tanto oncológicos como no oncológicos.

El recién elegido Consejo Ejecutivo de LAPS anunció el 1er Congreso de LAPS, que se llevará a cabo en Foz do Iguaçu del 14 al 17 de junio de 2023. El congreso ofrecerá un programa científico completo para proporcionar información de vanguardia sobre técnicas intervencionistas avanzadas, medicina regenerativa, terapias de neuromodulación espinal y periférica, y procedimientos espinales mínimamente invasivos, incluyendo procedimientos intradiscales, ablación por radiofrecuencia, terapias con fármacos intratecales, técnicas intervencionistas novedosas emergentes, terapias modificadoras de la enfermedad, presentaciones de resúmenes y un fuerte enfoque en una sección para Residentes/Fellows, entre muchos más.

Este congreso de clase mundial presentará a expertos sobresalientes y reconocidos en el ámbito nacional e internacional para compartir sus conocimientos y brindar la oportunidad de interactuar con sus colegas. Damos la bienvenida a nuestros socios de la industria para mostrar sus avances y tecnologías de vanguardia en una plataforma común para presentar las últimas investigaciones para una mejor atención al paciente.

Esperamos contar con suparticipación en el 1er Congreso LAPS para lograr así nuestra misión de “Educación más allá de la fronteras” en Latinoamérica.

Sudhir Diwan, MD, FIPP
Presidente del Congreso

Fabricio Dias Assis, MD, FIPP
Presidente del Congreso

INFORMACIÓN GENERAL

Lugar

Hotel Wish Foz do Iguaçu
Foz do Iguaçu – PR, Av. das Cataratas, 6845
85853-000 Tamandua, Brazil

Acceso a Internet

Se ofrece servicio de WiFi gratuito en el lugar. Por favor, busque el código en la recepción del congreso.

Horarios de la recepción del congreso en el Hotel Wish

Miércoles, 14 de junio 07:00 – 18:00
Jueves, 15 de junio 07:30 – 17:30
Viernes, 16 de junio 08:00 – 17:30
Sábado, 17 de junio 08:00 – 12:00

Exposición Comercial

La exposición estará abierta desde el jueves, 15 de junio hasta el sábado 17 de junio en el Hotel Wish. Los delegados tendrán la oportunidad de conocer a representantes de empresas farmacéuticas y de equipos de diagnóstico en sus stands para discutir nuevos avances y recibir información actualizada sobre los productos.

Cuota de inscripción en el lugar

Participante completo.....	\$500
Becarios, residentes, estudiantes de medicina.....	gratis
Acompañante.....	\$200
Taller de Modelos en Vivo de USG	\$500
Taller de Modelos en Vivo de USG para residentes.....	\$300
Transmisión en vivo del taller	\$500
Transmisión en vivo del taller para residentes.....	\$300

Intervalos y almuerzo

Se servirán café, té y refrigerios en el área de la exposición de acuerdo con el programa. Los almuerzos se servirán en el restaurante. El Simposio de Almuerzo de Boston será el 16 de junio.

Eventos sociales

Recepción de bienvenida

Fecha: jueves, 15 de junio de 2023, de 18:00 a 20:00

Lugar: Club House (Hotel Wish)

Precio: gratuito, incluido en la tarifa de inscripción/acompañante gratis

Los organizadores dan la bienvenida a los asistentes del Congreso LAPS con un cóctel. El objetivo de este evento es conocerse, saludar a viejos amigos y hacer otros nuevos.

Cena de la Facultad (solo por invitación)

Fecha: viernes, 16 de junio de 2023, de 19:00 a 21:00

Credenciales

Se proporcionan credenciales de identificación ecológicas al momento de registrarse. Por motivos de seguridad, se solicita a todos los delegados y ponentes que estén con sus credenciales en todo momento durante el evento.

Objetos perdidos y encontrados

Cualquier objeto encontrado puede ser entregado en la recepción. Las consultas sobre objetos perdidos también pueden ser dirigidas a la recepción.

Teléfonos celulares

Por favor, respete a los ponentes y presentadores asegurándose de que su teléfono celular esté apagado durante las sesiones científicas.

Información técnica para los conferenciantes

Los organizadores le solicitan amablemente que traiga sus presentaciones en una memoria USB. Su presentación debe ser cargada en las computadoras de la sala de reuniones con la ayuda de los técnicos responsables de la sala designada. La fecha límite para cargar la presentación es el último intervalo antes de su presentación programada. Tenga en cuenta que no se pueden utilizar proyecciones de diapositivas dobles ni laptops personales.

Idioma oficial del congreso

Los idiomas oficiales del evento son español, portugués e inglés. Habrá interpretación simultánea disponible durante las fechas del congreso.

Cambios en el programa

Los organizadores no pueden asumir responsabilidad por cualquier cambio en el programa científico. Los organizadores harán todo lo posible para mantener a los participantes actualizados y cualquier alteración en el programa será comunicada de inmediato.

PRE-CONFERENCIA

MIÉRCOLES, 14 DE JUNIO

PROCEDIMIENTOS EN VIVO

08:00-18:00

Wish Hotel, Iguacu

Academicos: Fabricio Dias Assis, MD
Carlos Marcelo De Barros, MD, Ph.D.
Paulo Renato Fonseca, MD

Procedimientos: Neuroplastia caudal con catéter navegable
Neuroplastia cervical con catéter Racz
Denervación con RF del hombro
Denervación con RF de cadera
RF espinal
Compresión del trigémino con balón
Denervación con RF del trigémino
Estimulación de la médula espinal

ULTRASONIDO – EXPLORACIÓN EN MODELO EN VIVO

10:00-18:00

Wish Hotel, Iguacu

Academicos: Wendy Rojas, MD (Bolivia)	Juan Felipe Vargas, MD (Colombia)
Charles de Oliveira, MD (Brasil)	Jesus Medina, MD (México)
Victor Pacheco, MD (Brasil)	Juan Pineda, MD (México)
Paola Diaz, MD (Colombia)	Victor Silva, MD (México)
Carlos Restrepo, MD (Colombia)	

Programa: 4-6 Participantes / estación, aproximación rotación cada 90 minutos

- **Estación 1: Hombro**
AC / Bursa subacromial / Glenoumeral anterior y posterior,
Suprascapular, Axilar, Nervio pectoral lateral
- **Estación 2: Cervical**
Raíces, Ramos Mediales Ganglio, Estelar, Nervio accesorio, Escapular dorsal
- **Estación 3: Nervio mediano + Atrapamientos / Nervio cubital + Nervio radiale**
Túnel carpiano / Pronador / Interóseo anterior
- **Estación 4 Columna lumbar y pelvis**
Caudal / Pudendo / Piriforme / Femoral cuadrado / Nervio ciático

PROGRAMACIÓN DEL CONGRESO

JUEVES, 15 DE JUNIO

SESIÓN 3

13:30-15:30

Tema: Manejo del Dolor en el Cáncer y Procedimientos Paliativos

Moderador: Carlos Marcelo de Barros, MD, Ph.D. (Brasil)

- 13:30-13:50 Carlos Marcelo De Barros, MD, Ph.D. (Brasil)
Terapia de administración de medicamentos dirigida
- 13:50-14:10 Ricardo Plancarte Sánchez, MD (México)
Humero/Femoroplastia paliativa
- 14:10-14:30 Ale Ismael Gonzalez, MD (México)
Bloqueos del nervio esplácnico vs. bloqueos del plexo celiaco
- 14:30-14:45 Guillermo Arechiga, MD (México)
Neuropatía postquimioterapia: diagnóstico y manejo
- 14:45-15:00 Diana Perez Moreno, MD (Colombia)
Manejo médico del dolor óseo metastásico
- 15:00-15:30 **Ponente destacado:** Ricardo Plancarte Sánchez, MD (México)
Director y fundador de la Clínica del Dolor del Instituto Nacional de Cancerología
Dolor en el cáncer: Carga global y acceso equitativo

Intervalo 15:30-16:00

SESIÓN 4

16:00-18:00

Tema: Intervenciones MSK

Moderador: Victor Pacheco, MD (Brasil)

- 16:00-16:20 Daniel Jorge, MD (Brasil)
PRF intraarticular: mejores prácticas
- 16:20-16:40 Carlos Restrepo, MD (Colombia)
Denervación del hombro: mejores prácticas
- 16:40-17:00 Juan Pineda, MD (México)
Denervación de cadera y rodilla: mejores prácticas
- 17:00-17:15 Cesar Carcamo, MD (Chile)
Tobillo: ¿Cuál es el mejor protocolo?
- 17:15-17:30 Andres Rocha, MD (Costa Rica)
Denervación articular con fenol: ¿Funciona?
- 17:30-18:00 **Víctor Pacheco, MD:** Juan Pineda, MD, Soraya Cruz Llor, MD, Charles de Oliveira, MD, Paola Díaz, MD
Mesa redonda de discusión: El papel de la ecografía dinámica en el manejo del dolor

RECEPCIÓN DE BIENVENIDA 18:00-20:00: Presentaciones inaugurales

- Sudhir Diwan, MD, o Ricardo Plancarte Sánchez, MD, Principal: **¿Por qué LAPS?**
- Fabrizio Dias Assis, MD, FIPP, Presidente: **Estado actual de LAPS**
- Victor Silva, MD, Presidente Electo: **Visión de LAPS**

VIERNES, 16 DE JUNIO

SESIÓN 5

08:30-10:00

Tema: Intervenciones espinales

Moderador: Karla Madrigal (México)

08:30-08:50

Paulo Renato Fonseca, MD (Brasil)

Evaluación fluoroscópica de la anatomía espinal

08:50-09:10

Ignacio Reyes Torres, MD (México)

Utilidad de la discografía provocativa

09:10-09:30

Jose Luiz Campos, MD (Brasil)

Procedimientos intradiscales para el dolor discogénico

09:30-10:00

Karla Madrigal, MD: Carlos Restrepo, MD, Wendy Rojas, MD, Mariana Palladini, MD, Ale Ismael Gonzalez, MD, Jose Luiz Campos, MD

Mesa redonda de discusión: Técnicas de guía:

Ultrasonido vs. Fluoroscopia vs. Tomografía computarizada

Intervalo 10:00-10:30

SESIÓN 6

10:30-12:30

Tema: Terapias avanzadas de medicina regenerativa

Moderador: Annu Navani, MD (EUA)

10:30-10:50

Annu Navani, MD (EUA)

Evidencia para el uso de biológicos en el manejo del dolor

10:50-11:10

Sudhir Diwan, MD (EUA)

Inyecciones intradiscales de biológicos: ¡Todos los discos no son iguales!

11:10-11:30

George Chang Chien, DO (EUA)

Ortobiológicos para el dolor de MSD

11:30-11:45

Jesus Medina, MD (México)

Educación sobre el dolor en América Latina: elevando el nivel
- 12:20-12:30 Junta ejecutiva - LAPS
Palabras de clausura

Almuerzo 12:30-13:30

Bem-vindos

A Sociedade Latino-Americana da Dor (LAPS) tem o prazer de dar as boas-vindas ao 1º Congresso LAPS em Foz do Iguaçu, nos dias 14 a 17 de junho de 2023.

Estamos muito felizes em anunciar a fundação da Sociedade Latino-Americana de Dor (LAPS). A LAPS foi criada em 2022 com o objetivo principal de promover a educação em medicina da dor, incentivar pesquisas e publicações científicas de alta qualidade e fornecer cursos de treinamento prático altamente qualificados para promover a prática clínica baseada em evidências da medicina intervencionista da dor em toda a América Latina. A LAPS está empenhada em prover todos os recursos para reunir as mentes brilhantes e os líderes acadêmicos em uma plataforma comum, e trabalhar em conjunto para elevar o nível e oferecer o melhor tratamento de dor para nossos pacientes que sofrem de câncer e dor.

A recém-eleita Diretoria Executiva da LAPS anunciou o seu 1º congresso, que acontecerá em Foz do Iguaçu de 14 a 17 de junho de 2023. O congresso oferece um programa científico abrangente para fornecer informações de ponta sobre técnicas intervencionistas avançadas, medicina regenerativa, terapias de neuromodulação espinhal e periférica e procedimentos espinhais minimamente invasivos, incluindo procedimentos intradiscais, ablação por radiofrequência, terapias medicamentosas intratecais, novas técnicas intervencionistas emergentes, terapias modificadoras de doenças, apresentações de posters e um forte foco em uma seção de residentes/membro ou fellow para práticas emergentes e muito mais.

O congresso, de nível internacional, contará com a presença de profissionais de renome nacional e internacional em tratamento intervencionista da dor, que compartilharão seus conhecimentos e terão a oportunidade de interagir com colegas. Desejamos as boas-vindas a nossos parceiros da indústria farmacêutica e de materiais médicos para mostrar os avanços e as tecnologias de ponta em uma plataforma comum, onde poderão apresentar as pesquisas mais recentes e suas implicações para um melhor atendimento ao paciente.

Em nome da Diretoria Executiva da LAPS, temos o prazer de convidá-los a se juntarem a nós no Primeiro Congresso da LAPS na paradisíaca Foz do Iguaçu, Brasil, para cumprir a missão comum de "Educação Além das Fronteiras" na América Latina.

Sudhir Diwan, MD, FIPP
Presidente

Fabricio Dias Assis, MD, FIPP

INFORMAÇÕES GERAIS

Local

Hotel Wish Foz do Iguaçu
Foz do Iguaçu – PR, Av. das Cataratas, 6845
85853-000 Tamanduá, Brazil

Acesso à Internet

Haverá rede WiFi gratuita disponível no local. Por favor, solicite o código no balcão de credenciamento.

Horário de funcionamento do balcão de credenciamento no Wish Hotel

Quarta-feira, 14 de junho 07:00 – 18:00
Quinta-feira, 15 de junho 07:30 – 17:30
Sexta-feira, 16 de junho 08:00 – 17:30
Sábado, 17 de junho 08:00 – 12:00

Exposição Comercial

A exposição estará aberta de quinta-feira, 15 de junho, até sábado, 17 de junho, no Wish Hotel. Os delegados terão a oportunidade de se reunir com representantes de empresas farmacêuticas e de equipamentos de diagnóstico em seus estandes para discutir novos avanços e receber informações atualizadas sobre produtos.

Taxa de inscrição no local

Participante pleno..... US\$500
Fellow, residentes, estudantes de medicina Entrada franca
Acompanhante..... US\$200
Oficina de Modelo Vivo USG US\$500
Oficina de Modelo Vivo USG para residentes..... US\$300
Transmissão ao vivo da oficina US\$500
Transmissão ao vivo da oficina para residentes US\$300

Coffee breaks e almoço

Café, chá e lanches serão servidos na área de Exposições conforme a programação. Os almoços serão servidos no restaurante. O Boston Lunch Symposium será realizado no dia 16 de junho.

Eventos Sociais

Recepção de boas vindas

Data: quinta-feira, 15 de junho de 2023, 18:00-20:00

Local: Club House (Wish Hotel)

Preço: gratuito, incluído na taxa de inscrição/acompanhante

Os organizadores darão as boas-vindas aos participantes do Congresso LAPS com um coquetel de recepção. O objetivo deste evento é conhecer uns aos outros, cumprimentar velhos amigos e fazer alguns novos.

Jantar do corpo docente (apenas por convite)

Data: sexta-feira, 16 de junho de 2023, 19:00-21:00

Crachás

Crachás de identificação ecológicos serão fornecidos no momento do credenciamento. Para fins de segurança, se solicita que delegados e palestrantes utilizem seus crachás duante todos os momentos da reunião.

Achados e Perdidos

Qualquer item encontrado pode ser entregue no balcão de credenciamento. Consultas sobre itens perdidos também podem ser direcionadas ao balcão de credenciamento.

Telefones celulares

Respeite os palestrantes e apresentadores, certificando-se de que seu celular esteja desligado durante as sessões científicas.

Informações técnicas para palestrantes

Os organizadores solicitam que você traga suas apresentações em um pen drive USB. Sua apresentação deverá ser carregada nos computadores da sala de apresentação com a ajuda dos técnicos assistentes responsáveis pela sala designada. O prazo de envio da apresentação é até a última pausa para café antes da apresentação agendada. Tenha em mente que a projeção de slides duplos e laptops pessoais não podem ser usados.

Idiomas oficiais do congresso

Espanhol, Português e Inglês. Haverá interpretação durante os dias do evento.

Mudanças na programação

Os organizadores não se farão responsáveis por quaisquer alterações na programação científica. Os organizadores farão o possível para manter os participantes atualizados e eventuais mudanças na programação serão comunicadas imediatamente.

PRÉ-CONFERÊNCIA

QUARTA-FEIRA, 14 DE JUNHO

PROCEDIMENTOS AO VIVO

08:00-18:00

Wish Hotel, Foz do Iguaçu

Acadêmicos: Fabricio Dias Assis, MD
Carlos Marcelo De Barros, MD, Ph.D.
Paulo Renato Fonseca, MD

Procedimentos: Neuroplastia Caudal com Cateter Navegável
Neuroplastia Cervical com Cateter Racz
Denervação por RF do ombro
Denervação por RF do quadril
RF na coluna vertebral
Compressão do trigêmeo por balão
Denervação do Trigêmeo por RF
Estimulação da Medula Espinhal

OFICINA ULTRASSOM – DIGITALIZAÇÃO DE MODELO VIVO

10:00-18:00

Wish Hotel, Foz do Iguaçu

Acadêmicos: Wendy Rojas, MD (Bolívia)	Juan Felipe Vargas, MD (Colômbia)
Charles de Oliveira, MD (Brasil)	Jesus Medina, MD (México)
Victor Pacheco, MD (Brasil)	Juan Pineda, MD (México)
Paola Diaz, MD (Colômbia)	Victor Silva, MD (México)
Carlos Restrepo, MD (Colômbia)	

4-6 Participantes / estação, rotação de 90 minutos

- Estação 1: Ombro**
AC/Bursa Subacromial/Abordagem Glenoumeral Ant. e Post.
Supraescapular, Axilar, Nervo Lateral Peitoral
- Estação 2: Cervical**
Raízes, MB, Estrelado, Acessório, Escapulário Dorsal
- Estação 3: Nervo Mediano + Compressões / Nervo Ulnar + Nervo Radial**
Túnel do Carpo/ Pronador/ Interósseo Anterior
- Estação 4: Coluna Lombar e Pélvis**
Caudal/ Pudendal/ Piriforme/ Quadrado Femoral/ Nervo Ciático

SOLLIEVO

Sollievo was created with the aim of finding solutions that bring any kind of relief to people. Sollievo means Relief! Many complexities in the medical and hospital area encourage us to seek technologies that make you feel more relieved. In a complex and constantly changing world, many times these technologies sought are paradoxically the simplest. In simplicity there are benefits for thousands of people. Sollievo is right there making something simple for you to feel relief. We believe that one day the pain and suffering will completely end, so we hope to do so by making small moves that under our values and beliefs are still partially satisfactory today. "...he who gives relief to others will receive relief."
